

# GFRC

There is nothing like the strength of Glass Fiber Reinforced Concrete (GFRC) to stand up to the harsh elements of the great outdoors. GFRC blends fiberglass and reinforced concrete, so it is lighter in weight than concrete and more durable than fiberglass itself. Available in eight colors as part of our standard product line, we can easily customize it to meet many color requests.

P/N	OD	Top ID	Bottom ID	IH	Wt.
G-AGN-16	18 1/2"	14 1/4"	10 1/2"	16 1/2"	105 lbs.
G-AGN-20	23"	16 3/4"	13"	20 1/2"	180 lbs.
G-AGN-24	27"	19"	14 1/2"	23 1/2"	275 lbs.

P/N	Top OL	Top IW	Bottom IW	IH	Wt.
G-F-VN-18	18"	14 1/2"	13 1/2"	16 1/4"	85 lbs.
G-F-VN-22	23 1/4"	19"	16 3/4"	22 1/4"	175 lbs.
G-F-VN-30	30"	23 1/4"	22 1/2"	26 1/2"	270 lbs.
